Re: Attestation of Administrative Requirements for Clinical Student Placements

Thank you for referring your student to Oregon Health & Science University for their clinical placement. OHSU encourages and promotes the continuing education of healthcare professionals through developing and deepening community partnerships to deliver the educational mission.

In order to comply with the updated standardized administrative requirements for Health Professional Student Clinical Training, established under Oregon Administrative Rules 409-030-0100 in response to U.S. Senate Bill 879 (2011), we require an attestation that you have reviewed, verified and documented that this student meets the administrative requirements set forth in the Administrative Rules.

Please complete the Attestation Form (next page), then date, sign, scan and attach it to the ONBOARDING REQUEST FORM. Note that this must be completed prior to the student beginning his or her clinical rotation at OHSU.

In addition to meeting these administrative requirements, all students serving in a clinical rotation at OHSU are required to complete training modules listed on our student placement website [OHSU Student Clinical Placement](#). These modules are completed in our Learning and Change Management System (Compass). Compass can be accessed on the web at <https://ohsu.csod.com/>. Please instruct the student to register as a new user in Compass and complete the online account request form. Approval is given within approximately 24 business hours. The students should also be instructed to go to the site and explore the student resources on the site as well.

We value our partnership with your institution and look forward to hosting your student in our clinical environment.

Sincerely,

Jennifer Hale

Attestation for Compliance with Oregon Administrative Rules 409-030-0100 for Health Profession Student Clinical Training

Instructions: Please complete the information below, sign, scan and attach this form to the [ONBOARDING REQUEST FORM](#) prior to the student commencing his/her clinical rotation at OHSU. Failure to submit this attestation could result in the student losing his/her placement site for the coming term.
