

## Community resources and information offered at the 7/25 ORH Community Conversation

### Veterans + Suicide Prevention

- New position across the VA to integrate community care and connective services.
- One of our most beneficial trainings for rural communities (anyone can attend) involves Suicide Prevention awareness which we offer through the SAVE platform. If anyone is interested please reach out, [here's a link to a basic overview](#).
- "Vet Net" is an excellent monthly forum for sharing veteran/community-based events. Feel free to contact the facilitator if interested in participating, Chad Alcock (WorkSource Oregon) @ [chad.a.alcock@oregon.gov](mailto:chad.a.alcock@oregon.gov)
- Coos, Curry, & Douglas Counties have the highest suicide rates in OR. The mobile crisis response teams in those areas are really struggling so any assistance and/or collaboration would really help. Here are the POC's for each:

- As a Community Engagement & Partnership Coordinator for Roseburg VA, I work under the Mental Health Office of Suicide Prevention and am tasked with building Coalitions between clinical & community-based models across the Roseburg catchment areas to increase the effectiveness of shared resource programs like Mission Act-Community Care (our catchment encompasses Corvallis-Crescent City, CA).
