

OREGON FAMILY TO FAMILY HEALTH INFORMATION CENTER

Medical Genetics Services: An introduction for parents and caregivers of children with special health needs

Have you been searching for information or answers about your child's disability or health condition? Have you wanted to ask questions about genetics but weren't sure who to talk to?

Join the [Oregon Family to Family Health Information Center](#) and the [Genetic Support Foundation](#) to learn how medical genetics services can play a role in your child's health journey.

Topics will include:

- **When** and **why** families may want to seek a genetics evaluation
- How to **ask for a referral** to a geneticist
- **Why** medical genetics matters for children with special health needs
- What to **expect during a visit** to a genetics clinic
- How much does **genetic testing cost**?
- Q&A session with the speaker

Tues., Dec. 03, 2024
6:00pm - 7:00 pm
