

Join Oregon DeafBlind Project and the
Oregon Family to Family Health Information Center
for a special family event:

One Page Profiles for the Medical Setting plus Introduction to HERO Kids Registry

Every child, especially if they experience unique health needs, should have a positive relationship with their health care providers and clinic staff members. This workshop will teach families how to make a One Page Profile that is especially geared to the medical, dental, or therapy setting.

BONUS! Participants will also be introduced to Oregon's new HERO Kids Registry, an important emergency health care resource for children who are disabled or have special health needs.

Spanish interpretation is provided. For other languages, [request](#) by November 5, 2024
