

Advanced Practice Provider Fellowship

Build clinical knowledge, core competencies and critical thinking skills for comprehensive oncology care

This 12-month program is designed for newly graduated nurse practitioners and physician assistants who wish to gain additional clinical experience in the specialty field or experienced APPs with no prior oncology background who wish to transition to specialty care.

The OHSU Knight Cancer Institute is known as one of the pioneers in personalized cancer medicine and an international leader in cancer research and treatment.

Key dates

- Applications for the winter 2026 cohort will be accepted between Dec. 1, 2024 and Feb. 28, 2025.
