Clinical Placement Problem Solving Tips

Visiting Student Clinical Placement | Non-OHSU Learner

The Problem Solving Tips is a guide designed to answer or direct the questions that may develop during student clinical placement about the tools and resources used at OHSU.

Students onboarded through Clinical Education can contact: learning@ohsu.edu

What to do for...	Suggested Action:
Student ID Badge	• Student ID Badges are only to be used during clinical rotation hours and are not for personal use outside of these hours. • Employees are not to use student badges during working hours. • For questions or badge support contact ohsuid@ohsu.edu
EPIC	• Epic training must be completed before access is requested. Access is granted on the clinical rotation start date. Epic Support Desk epicsupp@ohsu.edu or 503-494-2222, option 2 Students are **not given Fast Pass access** to EPIC. If you are trying to log on to EPIC from this screen, click on the "escape" box in the lower right corner of the screen. This will take you to another screen where you are able to log on to EPIC in the usual way.
VOCERA	Depending upon unit availability for students. Contact the Wireless Office for more information: wireless@ohsu.edu or 503-494-9150.
Glucometer	Contact the Point of Care Team at poct@ohsu.edu
EndoTool	Students are not allowed to sign-off in EndoTool and therefore are not given access.
PAR X	Students do not have access to the PAR X locked cabinet.

Clinical Placement Problem Solving Tips
Visiting Student Clinical Placement

What to do for...	Suggested Action:
Blood and Body Fluid Exposure (BBFE) or occupational injury	**All students**, regardless of the program, must complete an injury report using the Worker and Student Injury Reporting System (WSIRS). This is important for tracking the injury and meeting OSHA reporting requirements. Please ask your preceptor for assistance in locating and logging into the system so you may report the injury. **Non-OHSU students** should report to the OHSU ED. The student must also notify their school to arrange for follow-up care.

Signing documentation	Students should sign their name, course or program name, and school.
	Example:
	  • Samuel Smith, would sign:
	  S. Smith, NUR123, Nursing University
	
	Students with dual roles of employee and student must update their secure signature to include the dates they are on rotation.
	Example:
	  • Samuel Smith, would sign: *S. Smith, NUR123, Nursing University, Student Placement Rotation Dates MM/DD/YY – MM/DD/YY*

What to do for...	Suggested Action:
Omnicell support	• Omnicell access is granted after completing "Omnicell: Nurse Patient Care Training" in Compass and signing the attestation. • Omnicell support: omnicell@ohsu.edu **Logging into Omnicell:** • Fingerprinting is done on the units • A current user must log in first to register a new user at the cabinet • The Arrow key must be pressed and held to form an uppercase character • Press the Finish key after registering a fingerprint. If not, the fingerprint will not be saved. • Once fingerprinting is finished, press Finish, Exit and then sign back in with the user ID and fingerprint to validate all has been saved.
