

Thank you from the Linkage Project team!

We are excited to share with you a summary of what our Linkage Project Team has been up to this last year.

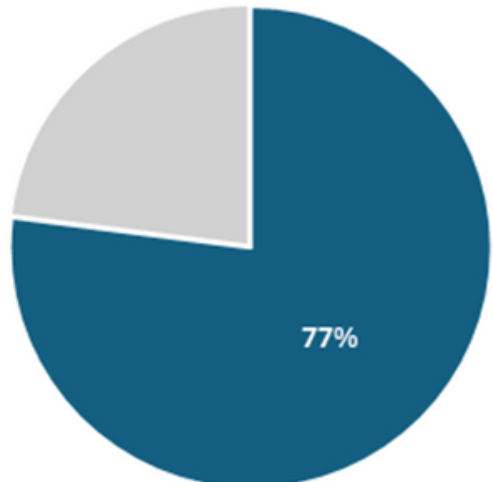

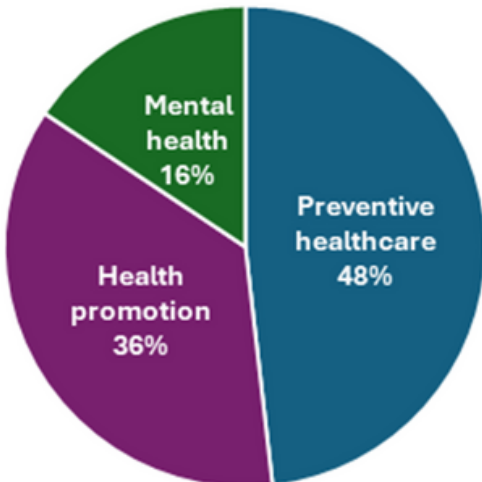

This was our second year enrolling individuals with intellectual and/or developmental disabilities (I/DD) into this preventive health project and we are so grateful for your partnership.

We wanted to share a few exciting highlights from working with Linkage Participants this year.

95% of enrollees completed the 3-month project

A total of 83 referrals were provided

77% of enrollees received service within 90 days

2024 successes from this collaboration:

- Renewed our collaboration with the Oregon Office of Developmental Disabilities Services (ODDS)
- Expanded our Linkage Project Team to include a bilingual English/Spanish Linkage Specialist
- Increased to 12 referral partnerships with ODDS Case Management Entities throughout Oregon
- Began taking Linkage Project referrals from Eligibility Specialists, providers, self-advocates, community partners, and other supports
- Updated the Linkage Project Website, including 2 new PowToon videos that describe the Linkage Project
- Created new flyers that can be shared out, including a Linkage Project Flyer and Linkage FAQ document
- Presented at 5 major statewide meetings with community partners and self-advocates
- Added new and improved materials to Taking Charge of My Health Care, including translation into Spanish

We are grateful to work with you in supporting individuals with I/DD with their health goals and making improvements to our community healthcare systems.

Stay tuned for updates in the new year as we continue our partnership in 2025!

Cristela, Kelsey, and Emily
